

4TH INTERNATIONAL CONFERENCE ON MULTI-STRATEGY LEARNING ENVIRONMENT ICMSLE 2027

3-5 JUNE 2027

INTERNATIONAL CONFERENCE ON
MULTI-STRATEGY LEARNING ENVIRONMENT
ICMSLE

TECHNICAL SPONSORS

ORGANIZED BY

Sharda University, Greater
Noida, India

ABOUT THE CONFERENCE

In recent years, Artificial Intelligence (AI) systems and algorithms have become a potential tool for automating wide range of tasks in various fields such as healthcare, engineering, gaming, automobiles, education etc. However, most of the existing algorithms faces significant challenges, as they lack required knowledge to solve computational complexities and sometimes return with inaccurate and simple solutions. To address these problems, Multi-Strategy Learning (MSL) environment is preferred in recent times. MSL is focused with on the research and development of new learning techniques and systems that combine several inferential and/or representational strategies in solving the assigned learning task. The integration of different learning strategies helps to gain more knowledge from the input information available to the learner. This 4th International Conference on International Conference on Multi-Strategy Learning Environment serves as the platform for the academicians, researchers and industrialists in the field of Machine Learning, Deep learning etc. to discuss about the integration of Multi-Strategy Learning Environment to enhance the computational process.

UNIVERSITY INFORMATION

Sharda University, a flagship institution of the Sharda Group, is deeply influenced by Jain values, which serve as a guiding philosophy for its vision, mission, and practices. Established with the principles of ethics, education, and social responsibility at its core, the university reflects the enduring wisdom of Jain philosophy in all aspects of its operations. Since its inception in 2009, Sharda University has emerged as one of the premier centers for education, research, and innovation in India. With a steadfast commitment to academic excellence, Sharda has been honored as one of South Asia's top institutions by the QS Asia University Rankings 2024. Its prestigious A+ accreditation from NAAC and a remarkable NIRF ranking of 86 in India affirm Sharda's position among the nation's elite universities. But Sharda is more than rankings—it's a global community. With students from over 95 countries, Sharda fosters an inclusive, multicultural campus that goes beyond traditional learning. This vibrant community is a melting pot of cultures, ideas, and perspectives, preparing students for a future where global collaboration is key.

PUBLICATION

All registered and presented papers will be submitted for inclusion into
Studies in Smart Technologies (Springer Book Series)
springer book cover

Electronic ISSN	Print ISSN
3004-989X	3004-9881

<https://www.springer.com/series/17410>

Springer

CALL FOR PAPERS

Track 1

- Machine Learning Techniques
- visualization or interpretation of representations
- Unsupervised, semi-supervised, and supervised representation learning
- Representation and reinforcement learning
- Deep learning theories and practices
- Computer vision and natural language processing
- Hierarchical models and optimization methods for learning
- Interpretability and explainability of AI algorithms

REGISTRATION FEE:

Indian Author : 14500 INR

Foreign Author : 160 USD

REGISTRATION FEE INCLUDES THE

FOLLOWING:

Participation in the technical program, Lunch, Coffee/Tea Breaks, DVD Proceedings, Certificates, Conference Kit - Bag, Notepad, Pen etc. (1 conference kit per registration)

REGISTRATION DOCUMENTS:

Final Revised Paper [Revised Manuscript with Highlighted Changes]

Response to Reviewer Comments

Copyright Form

Payment Acknowledgement Screenshot

KEYNOTE SPEAKERS

DR. HAMED TAHERDOOST,

UNIVERSITY CANADA, WEST CANADA.

DR. MESSAOUDA BOUNEB

EL ARBI BEN M'HIDI UNIVERSITY, ALGERIA

DR. PYARI MOHAN PRADHAN

INDIAN INSTITUTE OF TECHNOLOGY, ROORKEE, INDIA

DR. VINCENZO PIURI

UNIVERSITY OF MILAN, ITALY

Track 2

Adaptive data analysis and selective inference

Robustness of learning algorithms to adversarial attacks

Learning with combinatorial and algebraic structure

Game theory and learning

Learning from complex data sources e.g., time series, networks

Probabilistic graphical models and learning

Reinforcement learning and Interactive learning, and control

Multi-Strategy Learning (MSL) in distributed and streaming environments

CALL FOR PAPERS

Submit the full manuscript through the submission portal or the conference email id: conference.icmsle@gmail.com Authors are invited to submit original papers, which have not been published elsewhere and are not currently under consideration for another journal, conference or workshop

Paper submissions should be limited to a maximum of 6-8 pages, including the bibliography and any possible appendices. Submissions longer than 15 pages and without specified template will be rejected without review. All submissions will be double-blind reviewed by the technical program committee on the basis of technical quality, relevance to scope of the conference, originality, significance, and clarity.

COMMITTEE

Chief Patrons

Shri Pradeep Kumar Gupta,
Chancellor,
Sharda University, India.

Shri Yatendra Kumar Gupta,
Pro-Chancellor,
Sharda University, India.

Patron

Prof. (Dr.) Sibaram Khara,
Vice Chancellor,
Sharda University, India.

Prof. (Dr.) Parma Nand,
Pro-Vice Chancellor,
Sharda University, India.

Conference Chair

Dr. Vrince Vimal,
Professor & Dean Strategy (Development & Growth),
Electrical Electronics and Communication Engineering (EECE)
Sharda University, India.

Conference Co-Chair

Dr. Pallavi Gupta,
Dean, Sharda School of Engineering & Science
Sharda University, India.

Publication Chairs

Dr. Usha Tiwari
Head of the Department,
Electrical Electronics and Communication Engineering (EECE)
Sharda University, India.

Local Organizing Chairs

Dr. Krishnan Batri, Sharda University, India.
Dr. Anurag Rai, Sharda University, India.

Technical Program Chairs

Dr. Shandar Ahmad, Jawaharlal Nehru University (JNU), India
Dr. Nasimuddin, Institute for Infocomm Research Singapore, Singapore.
Dr. Prof. Valentina Emilia Balas, University of Arad, Romania.
Dr. Marcin Paprzycki, Polish Academy of Sciences, Poland.
Dr. Messaouda Bouneb, El Arbi Ben M'hidi University, Algeria.
Dr. Elmootazbellah (Mootaz) N. Elnozahy, King Abdullah University of Science and Technology, Saudi Arabia.
Dr. Maria Ganzha, Warsaw University of Technology, Poland.
